Re: Professional recommendation for Barbara Wilk-Ozga, Senior Marketing Specialist, Kopex S.A.

To Whom It May Concern,

Since joining the mining industry in 2001, I have been fortunate enough to have built up a wide network of marketing professionals who work for the world's leading equipment manufacturers. For a number of years now, I have had the pleasure of working with Barbara at Kopex – one of the industry's leading heavy equipment suppliers.

In short, Barbara is a pleasure to do business with. She has been the integral link between Kopex and the global mining press, and her co-operation has led to some excellent editorial coverage of the Kopex brand in all aspects of the mining media, *International Mining* included.

Barbara is the consummate marketing professional, very knowledgeable in the industries that she operates, and always takes the time to respond to any opportunities and queries that we address to her. She is a credit to Kopex, and her influence has helped Kopex establish their brand as a world leader in cutting edge technology, which is no easy task.

Yours faithfully,

Phil Playle
Director
