re: Barbara Wilk-Ozga

Dear Sir or Madam,

Our first business contact was in November 2011. Now, after almost four years of our increasing cooperation experience, I feel deeply that Barbara Wilk-Ozga presents excellent quality and unique charisma.

As an editor of "China Coal Industry" magazine, I appreciate her dedication towards work and expertise.

Thanks to Barbara's superior English skills and positive efforts, I have learned a lot about development and history of the KOPEX Group as well as of its equipment and services supplied to Chinese customers. It makes our business communicate very effective.

Barbara is also well-organised and careful. Also those features have contributed to a solid foundation of mutual trust. Her candour and enthusiasm make our cooperation very fortunate.

I hope that Barbara will have more outstanding performance in her future work with more opportunities to show her outstanding talent and wisdom as well as a constant strive to write a new chapter in her career.

Sincerely,

Gu Weifeng
